ID	TITLE	SUBJECT
20792	Advanced inorganic chemistry	Inorganic chemistry
20793	Advanced inorganic chemistry	Inorganic chemistry
20794	Advanced inorganic chemistry	Inorganic chemistry
20795	Advanced inorganic chemistry	Inorganic chemistry
20796	Advanced inorganic chemistry	Inorganic chemistry
20797	Advanced inorganic chemistry	Inorganic chemistry
20798	Advanced inorganic chemistry	Inorganic chemistry
20799	Advanced inorganic chemistry	Inorganic chemistry
20800	Advanced inorganic chemistry	Inorganic chemistry
20801	Advanced inorganic chemistry	Inorganic chemistry
20802	Advanced inorganic chemistry	Inorganic chemistry
20803	Advanced inorganic chemistry	Inorganic chemistry
20804	Advanced inorganic chemistry	Inorganic chemistry
20805	Advanced inorganic chemistry	Inorganic chemistry
20806	Advanced inorganic chemistry	Inorganic chemistry
20807	Textbook of electronics	Electronics engineering; Applied physics
20808	Textbook of electronics	Electronics engineering; Applied physics
20809	Textbook of electronics	Electronics engineering; Applied physics
20810	Textbook of electronics	Electronics engineering; Applied physics
20811	Textbook of electronics	Electronics engineering; Applied physics
20812	Inorganic chemistry: Principles of structure and reactivity	Inorganic chemistry
20813	Inorganic chemistry: Principles of structure and reactivity	Inorganic chemistry
20814	Inorganic chemistry: Principles of structure and reactivity	Inorganic chemistry

20815	Inorganic chemistry: Principles of structure and reactivity	Inorganic chemistry
20816	Inorganic chemistry: Principles of structure and reactivity	Inorganic chemistry
20817	Inorganic chemistry: Principles of structure and reactivity	Inorganic chemistry
20818	Inorganic chemistry: Principles of structure and reactivity	Inorganic chemistry
20819	Inorganic chemistry: Principles of structure and reactivity	Inorganic chemistry
20820	Inorganic chemistry: Principles of structure and reactivity	Inorganic chemistry
20821	Inorganic chemistry: Principles of structure and reactivity	Inorganic chemistry
20822	Inorganic chemistry: Principles of structure and reactivity	Inorganic chemistry
20823	Inorganic chemistry: Principles of structure and reactivity	Inorganic chemistry
20824	Inorganic chemistry: Principles of structure and reactivity	Inorganic chemistry
20825	Advanced modern engineering mathematics	Engineering mathematics
20826	Advanced modern engineering mathematics	Engineering mathematics
20827	Advanced engineering mathematics	Engineering mathematics
20828	Advanced engineering mathematics	Engineering mathematics
20829	Optics	Applied optics; Light & paraphotic phenomena; Physics
20830	Optics	Applied optics; Light & paraphotic phenomena; Physics
20831	Optics	Applied optics; Light & paraphotic phenomena; Physics
20832	Optics	Applied optics; Light & paraphotic phenomena; Physics
20833	Optics	Applied optics; Light & paraphotic phenomena; Physics
20834	Engineering physics	Engineering Physics
20835	Engineering physics	Engineering Physics
20836	Engineering physics	Engineering Physics
20837	Engineering physics	Engineering Physics
20838	Engineering physics	Engineering Physics

20839	Physics for engineers	Engineering Physics
20840	Physics for engineers	Engineering Physics
20841	Physics for engineers	Engineering Physics
20842	Skoog and West's Fundamentals of analytical chemistry	Analytic chemistry,Inorganic Chemistry
20843	Skoog and West's Fundamentals of analytical chemistry	Analytic chemistry,Inorganic Chemistry
20844	Skoog and West's Fundamentals of analytical chemistry	Analytic chemistry,Inorganic Chemistry
20845	Skoog and West's Fundamentals of analytical chemistry	Analytic chemistry,Inorganic Chemistry
20846	Skoog and West's Fundamentals of analytical chemistry	Analytic chemistry,Inorganic Chemistry
20847	Skoog and West's Fundamentals of analytical chemistry	Analytic chemistry,Inorganic Chemistry
20848	Skoog and West's Fundamentals of analytical chemistry	Analytic chemistry,Inorganic Chemistry
20849	Skoog and West's Fundamentals of analytical chemistry	Analytic chemistry,Inorganic Chemistry
20850	Skoog and West's Fundamentals of analytical chemistry	Analytic chemistry,Inorganic Chemistry
20851	Skoog and West's Fundamentals of analytical chemistry	Analytic chemistry,Inorganic Chemistry
20852	Skoog and West's Fundamentals of analytical chemistry	Analytic chemistry,Inorganic Chemistry
20853	Skoog and West's Fundamentals of analytical chemistry	Analytic chemistry,Inorganic Chemistry
20854	Skoog and West's Fundamentals of analytical chemistry	Analytic chemistry,Inorganic Chemistry
20855	Skoog and West's Fundamentals of analytical chemistry	Analytic chemistry,Inorganic Chemistry
20856	Skoog and West's Fundamentals of analytical chemistry	Analytic chemistry,Inorganic Chemistry
20857	Probability, random variables, and stochastic processes	Probabilities; Applied mathematics
20858	Probability, random variables, and stochastic processes	Probabilities; Applied mathematics
20859	Probability, random variables, and stochastic processes	Probabilities; Applied mathematics
20860	Advanced engineering mathematics	Engineering mathematics
20861	Advanced engineering mathematics	Engineering mathematics
20862	Complex variables: Theory and applications	Functions of complex variables; Analysis; Mathematics

20863	Complex variables: Theory and applications	Functions of complex variables; Analysis; Mathematics
20864	Complex variables: Theory and applications	Functions of complex variables; Analysis; Mathematics
20865	Complex variables: Theory and applications	Functions of complex variables; Analysis; Mathematics
20866	Complex variables: Theory and applications	Functions of complex variables; Analysis; Mathematics
20867	Engineering optimization: Theory and practice	Game theory; Applied mathematics
20868	Engineering optimization: Theory and practice	Game theory; Applied mathematics
20869	Engineering optimization: Theory and practice	Game theory; Applied mathematics
20870	Engineering optimization: Theory and practice	Game theory; Applied mathematics
20871	Engineering optimization: Theory and practice	Game theory; Applied mathematics
20872	Numerical methods	Applied numerical analysis; Applied mathematics
20873	Numerical methods	Applied numerical analysis; Applied mathematics
20874	Numerical methods	Applied numerical analysis; Applied mathematics
20875	Humanities and communication skills	Humanities; General Knowledge
20876	Humanities and communication skills	Humanities; General Knowledge
20877	Humanities and communication skills	Humanities; General Knowledge
20878	Humanities and communication skills	Humanities; General Knowledge
20879	Humanities and communication skills	Humanities; General Knowledge
20880	Humanities and communication skills	Humanities; General Knowledge
20881	Humanities and communication skills	Humanities; General Knowledge
20882	Humanities and communication skills	Humanities; General Knowledge
20883	Humanities and communication skills	Humanities; General Knowledge
20884	Humanities and communication skills	Humanities; General Knowledge
20885	Microeconomic theory	Microeconomics; Production economics
20886	Microeconomic theory	Microeconomics; Production economics

20887	Microeconomic theory	Microeconomics; Production economics
20888	Microeconomic theory	Microeconomics; Production economics
20889	Microeconomic theory	Microeconomics; Production economics
20890	Technical communication: Principles and practice	Technical Communication
20891	Technical communication: Principles and practice	Technical Communication
20892	Technical communication: Principles and practice	Technical Communication
20893	Technical communication: Principles and practice	Technical Communication
20894	Technical communication: Principles and practice	Technical Communication
20895	Indian economy since 1991, (economic reforms and performance)	Indian Economics
20896	Indian economy since 1991, (economic reforms and performance)	Indian Economics
20897	Indian economy since 1991, (economic reforms and performance)	Indian Economics
20898	Textbook of engineering physics	Engineering Physics
20899	Textbook of engineering physics	Engineering Physics
20900	Engineering physics	Engineering Physics
20901	Engineering physics	Engineering Physics
20902	Engineering physics	Engineering Physics
20903	Engineering physics	Engineering Physics
20904	Modern economic theory	Economic systems and theories
20905	Modern economic theory	Economic systems and theories
20906	Engineering mathematics: A project & problem based approach	Engineering mathematics
20907	Engineering mathematics: A project & problem based approach	Engineering mathematics
20908	Engineering mathematics: A project & problem based approach	Engineering mathematics
20909	Advanced engineering mathematics vol 1	Engineering mathematics
20910	Advanced engineering mathematics vol 1	Engineering mathematics

20911	Advanced engineering mathematics vol 1	Engineering mathematics
20912	Vogels text book of quantitative chemical analysis	Quantitative chemistry,Inorganic Chemistry
20913	Vogels text book of quantitative chemical analysis	Quantitative chemistry,Inorganic Chemistry
20914	Vogels text book of quantitative chemical analysis	Quantitative chemistry,Inorganic Chemistry
20915	Financial management: Theory and practice	Financial Management
20916	Financial management: Theory and practice	Financial Management
20917	Human values and professional ethics(values and ethics of profession)	Professional & occupational ethics
20918	Human values and professional ethics(values and ethics of profession)	Professional & occupational ethics
20919	Human values and professional ethics(values and ethics of profession)	Professional & occupational ethics
20920	Human values and professional ethics(values and ethics of profession)	Professional & occupational ethics
20921	Human values and professional ethics(values and ethics of profession)	Professional & occupational ethics
20922	Textbook of engineering physics	Engineering Physics
20923	Textbook of engineering physics	Engineering Physics
20924	Textbook of engineering physics	Engineering Physics
20925	System dynamics	System Simulation
20926	System dynamics	System Simulation
20927	Modern control systems	Automatic control engineering
20928	Modern control systems	Automatic control engineering
20929	Electronic communications systems: Fundamentals through advanced	Communication Engineering
20930	Electronic communications systems: Fundamentals through advanced	Communication Engineering
20931	Electronic communications systems: Fundamentals through advanced	Communication Engineering
20932	Essentials of electrical and computer engineering	Electrical engineering; Electromagnetic engineering
20933	Essentials of electrical and computer engineering	Electrical engineering; Electromagnetic engineering
20934	Essentials of electrical and computer engineering	Electrical engineering; Electromagnetic engineering

20935	Medical imaging signals and systems	Diagnosis and prognosis; Diseases;Diagnostic imaging signals
20936	Medical imaging signals and systems	Diagnosis and prognosis; Diseases;Diagnostic imaging signals
20937	Medical imaging signals and systems	Diagnosis and prognosis; Diseases;Diagnostic imaging signals
20938	Pic microcontroller and embedded systems using Assembly and C for pic18	Digital Microcomputers or Microprocessors; Computer science
20939	Pic microcontroller and embedded systems using Assembly and C for pic18	Digital Microcomputers or Microprocessors; Computer science
20940	Pic microcontroller and embedded systems using Assembly and C for pic18	Digital Microcomputers or Microprocessors; Computer science
20941	Electronic devices	Components and devices
20942	Electronic devices	Components and devices
20943	Electronic devices	Components and devices
20944	Signals and systems	Signal processing
20945	Signals and systems	Signal processing
20946	Signals and systems	Signal processing
20947	Wireless communications: Principles and practice	Cellular telephone systems
20948	Wireless communications: Principles and practice	Cellular telephone systems
20949	Wireless communications: Principles and practice	Cellular telephone systems
20950	Power electronics	fuses, grounding devices, lightning arresters, relays
20951	Power electronics	fuses, grounding devices, lightning arresters, relays
20952	Modern control theory	Control System-Theory
20953	Modern control theory	Control System-Theory
20954	Fundamentals of digital image processing	Technological photography and photo-optics
20955	Fundamentals of analog circuits	Components and circuits
20956	Fundamentals of analog circuits	Components and circuits
20957	Fundamentals of analog circuits	Components and circuits
20958	Digital electronics	Digital electronics

20959	Digital electronics	Digital electronics
20960	Digital electronics	Digital electronics
20961	Principles of power electronics	fuses, grounding devices, lightning arresters, relays
20962	Principles of power electronics	fuses, grounding devices, lightning arresters, relays
20963	Principles of power electronics	fuses, grounding devices, lightning arresters, relays
20964	Electronics: A system approach	Electronics engineering; Applied physics
20965	Electronics: A system approach	Electronics engineering; Applied physics
20966	Electronics: A system approach	Electronics engineering; Applied physics
20967	Wireless communications and networks	Cellular telephone systems
20968	Wireless communications and networks	Cellular telephone systems
20969	Wireless communications and networks	Cellular telephone systems
20970	Silicon VLSI technology: Fundamentals, practice and modeling	Logic circuits, logic design of circuits, very large scale integration (VLSI)
20971	Silicon VLSI technology: Fundamentals, practice and modeling	Logic circuits, logic design of circuits, very large scale integration (VLSI)
20972	Basic electronics	Electronics engineering; Applied physics
20973	Basic electronics	Electronics engineering; Applied physics
20974	Basic electronics	Electronics engineering; Applied physics
20975	Power electronic systems: Theory and design	fuses, grounding devices, lightning arresters, relays
20976	Power electronic systems: Theory and design	fuses, grounding devices, lightning arresters, relays
20977	Power electronic systems: Theory and design	fuses, grounding devices, lightning arresters, relays
20978	Power electronic systems: Theory and design	fuses, grounding devices, lightning arresters, relays
20979	Power electronic systems: Theory and design	fuses, grounding devices, lightning arresters, relays
20980	programming, interfacing, software, hardware and applications	Digital Microcomputers or Microprocessors; Computer science
20981	programming, interfacing, software, hardware and applications	Digital Microcomputers or Microprocessors; Computer science
20982	Digital modulation and coding	Signal Processing, Digital techniques,Statistical Methods

20983	Digital modulation and coding	Signal Processing, Digital techniques,Statistical Methods
20984	Control systems technology	Automatic control engineering
20985	Control systems technology	Automatic control engineering
20986	Control systems technology	Automatic control engineering
20987	Network analysis with applications	Network analysis; Electrical engineering; Applied physics
20988	Network analysis with applications	Network analysis; Electrical engineering; Applied physics
20989	Network analysis with applications	Network analysis; Electrical engineering; Applied physics
20990	Power system analysis	Power system
20991	Power system analysis	Power system
20992	Adaptive signal processing	Signal processing
20993	Adaptive signal processing	Signal processing
20994	Adaptive signal processing	Signal processing
20995	Fundamentals of electronics	Electronics engineering; Applied physics
20996	Fundamentals of electronics	Electronics engineering; Applied physics
20997	Fundamentals of electronics	Electronics engineering; Applied physics
20998	Fundamentals of electronics	Electronics engineering; Applied physics
20999	Fundamentals of electronics	Electronics engineering; Applied physics
21000	Fundamentals of communications systems	Communication Engineering
21001	Fundamentals of communications systems	Communication Engineering
21002	Digital systems: Principles and design	Logic circuits, logic design of circuits, very large scale integration (VLSI)
21003	Digital systems: Principles and design	Logic circuits, logic design of circuits, very large scale integration (VLSI)
21004	Digital systems: Principles and design	Logic circuits, logic design of circuits, very large scale integration (VLSI)
21005	Digital systems: Principles and design	Logic circuits, logic design of circuits, very large scale integration (VLSI)
21006	Digital systems: Principles and design	Logic circuits, logic design of circuits, very large scale integration (VLSI)

21007	Fundamentals of digital image processing	Technological photography and photo-optics
21008	Fundamentals of digital image processing	Technological photography and photo-optics
21009	Digital signal processors: Architectures, implimentations and applications	Signal processing
21010	Digital signal processors: Architectures, implimentations and applications	Signal processing
21011	Digital signal processors: Architectures, implimentations and applications	Signal processing
21012	Electronic devices and circuits	Components and devices
21013	Electronic devices and circuits	Components and devices
21014	Electronic devices and circuits	Components and devices
21015	Electric circuits and networks	Electric circuits
21016	Electric circuits and networks	Electric circuits
21017	Elements of electronic instrumentation and measurement	Electronics Instrumentation; Electronics engineering; Applied physics
21018	Elements of electronic instrumentation and measurement	Electronics Instrumentation; Electronics engineering; Applied physics
21019	Elements of electronic instrumentation and measurement	Electronics Instrumentation; Electronics engineering; Applied physics
21020	Elements of electronic instrumentation and measurement	Electronics Instrumentation; Electronics engineering; Applied physics
21021	Elements of electronic instrumentation and measurement	Electronics Instrumentation; Electronics engineering; Applied physics
21022	Introduction to biomedical equipment technology	Biomedical instrumentation
21023	Introduction to biomedical equipment technology	Biomedical instrumentation
21024	Operational amplifiers and linear integrated circuits	Amplifiers and feedback circuits
21025	Operational amplifiers and linear integrated circuits	Amplifiers and feedback circuits
21026	Operational amplifiers and linear integrated circuits	Amplifiers and feedback circuits
21027	Operational amplifiers and linear integrated circuits	Amplifiers and feedback circuits
21028	Operational amplifiers and linear integrated circuits	Amplifiers and feedback circuits
21029	Embedded systems: An integrated approach	Computer architecture
21030	Embedded systems: An integrated approach	Computer architecture

21031	Embedded systems: An integrated approach	Computer architecture
21032	Embedded systems: An integrated approach	Computer architecture
21033	Embedded systems: An integrated approach	Computer architecture
21034	Embedded software primer	Programming for real-time computer systems
21035	Embedded software primer	Programming for real-time computer systems
21036	Matlab and its applications in engineering	Computerized Numerical analysis
21037	Matlab and its applications in engineering	Computerized Numerical analysis
21038	Matlab and its applications in engineering	Computerized Numerical analysis
21039	Introductory VHDL and from simulation to synthesis	Computer engineering
21040	Introductory VHDL and from simulation to synthesis	Computer engineering
21041	Signals and systems	Signal processing
21042	Signals and systems	Signal processing
21043	Signals and systems	Signal processing
21044	Signals and systems	Signal processing
21045	Signals and systems	Signal processing
21046	Fundamentals of signals and systems using the web and matlab	Signal processing
21047	Fundamentals of signals and systems using the web and matlab	Signal processing
21048	Fundamentals of signals and systems using the web and matlab	Signal processing
21049	Signals, systems and transforms	Signal analysis and theory
21050	Signals, systems and transforms	Signal analysis and theory
21051	Process control	Chemical Process control
21052	Process control	Chemical Process control
21053	Process control	Chemical Process control
21054	Measurement systems: Application and design	Testing, measuring, sensing instruments

21055	Measurement systems: Application and design	Testing, measuring, sensing instruments
21056	Measurement systems: Application and design	Testing, measuring, sensing instruments
21057	Measurement systems: Application and design	Testing, measuring, sensing instruments
21058	CMOS analog circuit design	Logic circuits, logic design of circuits, very large scale integration (VLSI)
21059	Application- specific integrated circuits	Components and circuits
21060	CMOS VLSI design: a circuits and systems perspective	Semiconductor devices; Electronics engineering; Applied physics
21061	CMOS VLSI design: a circuits and systems perspective	Semiconductor devices; Electronics engineering; Applied physics
21062	Electronic Instrumentation	Electronics Instrumentation; Electronics engineering; Applied physics
21063	Electronic Instrumentation	Electronics Instrumentation; Electronics engineering; Applied physics
21064	Fundamentals of digital logic with verilog design	Computer engineering
21065	Fundamentals of digital logic with verilog design	Computer engineering
21066	programming and interfacing (8086 to pentium)	Digital Microcomputers or Microprocessors; Computer science
21067	programming and interfacing (8086 to pentium)	Digital Microcomputers or Microprocessors; Computer science
21068	programming and interfacing (8086 to pentium)	Digital Microcomputers or Microprocessors; Computer science
21069	programming and interfacing (8086 to pentium)	Digital Microcomputers or Microprocessors; Computer science
21070	programming and interfacing (8086 to pentium)	Digital Microcomputers or Microprocessors; Computer science
21071	Control systems engineering	Automatic control engineering
21072	Control systems engineering	Automatic control engineering
21073	Control systems engineering	Automatic control engineering
21074	Digital electronics: An practical approach with VHDL	Digital electronics
21075	Digital electronics: An practical approach with VHDL	Digital electronics
21076	Electronic devices and circuits	Components and devices
21077	Electronic devices and circuits	Components and devices
21078	Electronic devices and circuits	Components and devices

21079	Electronic devices and circuits	Components and devices
21080	Operational amplifierswith linear integrated circuits	Amplifiers and feedback circuits
21081	Operational amplifierswith linear integrated circuits	Amplifiers and feedback circuits
21082	X86 pc assembly language, design and interfacing	Digital Microcomputers or Microprocessors; Computer science
21083	X86 pc assembly language, design and interfacing	Digital Microcomputers or Microprocessors; Computer science
21084	Introduction to wireless technology	Cellular telephone systems
21085	Process dynamics and control	Chemical Process control
21086	Electronic measurements and instrumentation	Electronics Instrumentation; Electronics engineering; Applied physics
21087	Electronic measurements and instrumentation	Electronics Instrumentation; Electronics engineering; Applied physics
21088	Electronic measurements and instrumentation	Electronics Instrumentation; Electronics engineering; Applied physics
21089	Electronic measurements and instrumentation	Electronics Instrumentation; Electronics engineering; Applied physics
21090	Fundamentals of signals and systems	Signal processing
21091	Fundamentals of signals and systems	Signal processing
21092	Fundamentals of signals and systems	Signal processing
21093	8051 microcontroller: Internals, instructions, programming and interfacing	Digital Microcomputers or Microprocessors; Computer science
21094	8051 microcontroller: Internals, instructions, programming and interfacing	Digital Microcomputers or Microprocessors; Computer science
21095	8051 microcontroller: Internals, instructions, programming and interfacing	Digital Microcomputers or Microprocessors; Computer science
21096	8051 microcontroller: Internals, instructions, programming and interfacing	Digital Microcomputers or Microprocessors; Computer science
21097	8051 microcontroller: Internals, instructions, programming and interfacing	Digital Microcomputers or Microprocessors; Computer science
21098	Modern wireless communications	Cellular telephone systems
21099	Modern wireless communications	Cellular telephone systems
21100	Modern wireless communications	Cellular telephone systems
21101	Modern wireless communications	Cellular telephone systems
21102	Modern wireless communications	Cellular telephone systems

21103	Process dynamics and control	Chemical Process control
21104	Process dynamics and control	Chemical Process control
21105	Process/industrial instruments and controls handbook	Automatic control engineering
21106	Hughes electrical and electronic technology	Electrical engineering; Applied physics
21107	Hughes electrical and electronic technology	Electrical engineering; Applied physics
21108	Circuits and networks: Analysis and synthesis	Network; Circuits and lines
21109	Circuits and networks: Analysis and synthesis	Network; Circuits and lines
21110	Circuits and networks: Analysis and synthesis	Network; Circuits and lines
21111	Circuits and networks: Analysis and synthesis	Network; Circuits and lines
21112	Electromagnetism theory and applications	Electromagnetic theory
21113	Electromagnetism theory and applications	Electromagnetic theory
21114	Electromagnetism theory and applications	Electromagnetic theory
21115	Circuit theory: Analysis and synthesis	Network; Circuits and lines
21116	Circuit theory: Analysis and synthesis	Network; Circuits and lines
21117	Engineering electromagnetics	Magnetic engineering
21118	Engineering electromagnetics	Magnetic engineering
21119	Engineering electromagnetics	Magnetic engineering
21120	Engineering electromagnetics	Magnetic engineering
21121	Engineering electromagnetics	Magnetic engineering
21122	Electronic devices and circuit theory	Components and devices
21123	Electronic devices and circuit theory	Components and devices
21124	Op Amps and linear integrated circuits	Amplifiers and feedback circuits
21125	Op Amps and linear integrated circuits	Amplifiers and feedback circuits
21126	Op Amps and linear integrated circuits	Amplifiers and feedback circuits

21127	Op Amps and linear integrated circuits	Amplifiers and feedback circuits
21128	Op Amps and linear integrated circuits	Amplifiers and feedback circuits
21129	Essentials of management: An international perspective	General management
21130	Essentials of management: An international perspective	General management
21131	Essentials of management: An international perspective	General management
21132	Essentials of management: An international perspective	General management
21133	Essentials of management: An international perspective	General management
21134	Electrical power systems	Power system
21135	Electrical power systems	Power system
21136	Electrical power systems	Power system
21137	Electrical power systems	Power system
21138	Power generation, operation and control	Electric power generation
21139	Power generation, operation and control	Electric power generation
21140	Power generation, operation and control	Electric power generation
21141	Power generation, operation and control	Electric power generation
21142	Communication systems	Communication Engineering
21143	Communication systems	Communication Engineering
21144	Modern digital and analog communication systems	Communication Engineering
21145	Modern digital and analog communication systems	Communication Engineering
21146	Modern digital and analog communication systems	Communication Engineering
21147	Modern digital and analog communication systems	Communication Engineering
21148	Discrete time signal processing	Discrete-Time Signal Processing
21149	Discrete time signal processing	Discrete-Time Signal Processing
21150	Discrete time signal processing	Discrete-Time Signal Processing

21151	Discrete time signal processing	Discrete-Time Signal Processing
21152	Discrete time signal processing	Discrete-Time Signal Processing
21153	Performance and design of direct current machines	Direct current machinery
21154	Performance and design of direct current machines	Direct current machinery
21155	Performance and design of direct current machines	Direct current machinery
21156	Performance and design of direct current machines	Direct current machinery
21157	Performance and design of direct current machines	Direct current machinery
21158	Power system protection and switch gear	fuses, grounding devices, lightning arresters, relays
21159	Power system protection and switch gear	fuses, grounding devices, lightning arresters, relays
21160	Power system protection and switch gear	fuses, grounding devices, lightning arresters, relays
21161	Power system protection and switch gear	fuses, grounding devices, lightning arresters, relays
21162	Power system protection and switch gear	fuses, grounding devices, lightning arresters, relays
21163	Power system protection static relays with microprocessor applications	fuses, grounding devices, lightning arresters, relays
21164	Power system protection static relays with microprocessor applications	fuses, grounding devices, lightning arresters, relays
21165	Power system protection static relays with microprocessor applications	fuses, grounding devices, lightning arresters, relays
21166	Power system protection static relays with microprocessor applications	fuses, grounding devices, lightning arresters, relays
21167	Power system protection static relays with microprocessor applications	fuses, grounding devices, lightning arresters, relays
21168	Principles of soft computing	Artificial Intelligence,Soft computing
21169	Principles of soft computing	Artificial Intelligence,Soft computing
21170	Principles of soft computing	Artificial Intelligence,Soft computing
21171	Electric motor drives: Modelling, analysis and control	Electric and related motors
21172	Electric motor drives: Modelling, analysis and control	Electric and related motors
21173	Electric motor drives: Modelling, analysis and control	Electric and related motors
21174	Electric motor drives: Modelling, analysis and control	Electric and related motors

21175	Electric motor drives: Modelling, analysis and control	Electric and related motors
21176	Discrete time control systems	Digital control system
21177	Discrete time control systems	Digital control system
21178	Discrete time control systems	Digital control system
21179	Neural networks, fuzzy logic, and genetic algorithms: Synthesis and applications	Neural networks
21180	Neural networks, fuzzy logic, and genetic algorithms: Synthesis and applications	Neural networks
21181	Neural networks, fuzzy logic, and genetic algorithms: Synthesis and applications	Neural networks
21182	Neural networks, fuzzy logic, and genetic algorithms: Synthesis and applications	Neural networks
21183	Neural networks, fuzzy logic, and genetic algorithms: Synthesis and applications	Neural networks
21184	Neural networks, fuzzy logic, and genetic algorithms: Synthesis and applications	Neural networks
21185	Neural networks, fuzzy logic, and genetic algorithms: Synthesis and applications	Neural networks
21186	Digital Control System	Digital control system
21187	Digital Control System	Digital control system
21188	Digital Control System	Digital control system

22808	Switching theory and logic design	Switching theory
22809	Switching theory and logic design	Switching theory
22810	Circuits and Systems	Network; Circuits and lines
22811	Introduction to electrical science	Electrical engineering; Electromagnetic engineering
22812	Introduction to electrical science	Electrical engineering; Electromagnetic engineering
22813	Network Analysis	Network analysis; Electrical engineering; Applied physics
22814	Network Analysis	Network analysis; Electrical engineering; Applied physics
22815	Basic electrical and electronics engineering	Electrical engineering; Applied physics
22816	Fundamentals of electrical engineering	Electrical engineering; Applied physics
22817	Fundamentals of electrical engineering	Electrical engineering; Applied physics
22818	Electric machinery and transformers	Electrical machinery
22819	Hughes electrical and electronic technology	Electrical engineering; Applied physics
22820	Control system design	Automatic control engineering
22821	Control system design	Automatic control engineering
22822	Introduction to low voltage systems	Network analysis; Electrical engineering; Applied physics,Low voltage systems
22823	Introduction to low voltage systems	Network analysis; Electrical engineering; Applied physics,Low voltage systems
22824	Power system analysis	Power system
22825	Power system analysis	Power system
22826	Textbook of electrical technology, Vol.2: AC and DC machines	Electrical engineering; Applied physics
22827	Electrical measurements and measuring instruments	Electrical measurement and instrumentation
22828	Electrical measurements and measuring instruments	Electrical measurement and instrumentation
22829	Advanced control theory	Control System-Theory
22830	Electrical objective: Objective questions and problems on electrical engineering	Electrical engineering; Applied physics

22831	Course in electronic and electrical measurements and instrumentation	Electronics Instrumentation; Electronics engineering; Applied physics
22832	Course in electronic and electrical measurements and instrumentation	Electronics Instrumentation; Electronics engineering; Applied physics
22833	Linear integrated circuits	Components and circuits
22834	Linear integrated circuits	Components and circuits
22835	Linear integrated circuits	Components and circuits
22836	Fundamentals of digital circuits	Logic circuits, logic design of circuits, very large scale integration (VLSI)
22837	Fundamentals of digital circuits	Logic circuits, logic design of circuits, very large scale integration (VLSI)
22838	Electrical machines: AC & DC machines	Electrical machinery
22839	Power system analysis	Power system
22840	Power system analysis	Power system
22841	Power system analysis	Power system
22842	Power system analysis	Power system
22843	Power system analysis	Power system
22844	Concrete technology	Concrete; Structural materials
22845	Concrete technology	Concrete; Structural materials
22846	Concrete technology	Concrete; Structural materials
22847	Theory and design of irrigation structures, vol.2: Canal & storage works	Irrigation
22848	Theory and design of irrigation structures, vol.2: Canal & storage works	Irrigation
22849	Textbook of strength of materials	Strength of materials
22850	Textbook of strength of materials	Strength of materials
22851	Textbook of strength of materials	Strength of materials
22852	Design of steel structures	Steel and iron; Structural materials
22853	Fundamentals of civil engineering	Civil engineering
22854	Fundamentals of civil engineering	Civil engineering

22855	Fundamentals of civil engineering	Civil engineering
22856	Basic civil engineering	Civil engineering
22857	Basic civil engineering	Civil engineering
22858	Basic civil engineering	Civil engineering
22859	Basic civil engineering	Civil engineering
22860	Building construction	Buildings
22861	Theory and design of irrigation structures, vol.1: Channels & tubewells	Irrigation
22862	Theory and design of irrigation structures, vol.1: Channels & tubewells	Irrigation
22863	Highway engineering	Roads and highways engineering
22864	Highway engineering	Roads and highways engineering
22865	Basic structural analysis	Structural analysis and design
22866	Basic structural analysis	Structural analysis and design
22867	Highway materials and pavement testing	Paving; Artificial road surface
22868	Highway materials and pavement testing	Paving; Artificial road surface
22869	engineering: Including expressways and airport engineering	Roads and highways engineering
22870	engineering: Including expressways and airport engineering	Roads and highways engineering
22871	engineering: Including expressways and airport engineering	Roads and highways engineering
22872	an introduction to interactive computer graphics for design and production	Technical drawing; Engineering graphics
22873	Environmental engineering, Vol.1: Water supply engineering	Sanitary and municipal engineering, Environmental protection engineering
22874	Environmental engineering, Vol.1: Water supply engineering	Sanitary and municipal engineering, Environmental protection engineering
22875	Introduction to tunnel construction	Tunnels
22876	Strength of materials	Strength of materials
22877	Surveying and levelling, Part 1	Estimating and costing (Surveying); Civil engineerig
22878	Surveying and levelling, Part 1	Estimating and costing (Surveying); Civil engineerig

22879	Surveying and levelling, Part 2	Estimating and costing (Surveying); Civil engineerig
22880	Surveying and levelling, Part 2	Estimating and costing (Surveying); Civil engineerig
22881	Construction planning, equipment and methods	Civil engineering
22882	Maintenance repair & rehabilitation & minor works of buildings	Buildings
22883	Maintenance engineering and management	Instrumentation
22884	Design of bridge structures	Bridges; Civil engineering
22885	Structural analysis: A matrix approach	Structural analysis and design
22886	Structural analysis: A matrix approach	Structural analysis and design
22887	Strength of materials	Strength of materials
22888	Strength of materials	Strength of materials
22889	Strength of materials	Strength of materials
22890	Soil mechanics: S1 version	Soil Mechanics
22891	Design of prestressed concrete structures	Concrete; Structural materials
22892	Reinforced concrete design	Concrete; Structural materials
22893	Code of civil procedure	Civil procedure & courts of India
22894	Estimating and costing in civil engineering: Theory and practice	Estimating and costing; Civil engineerig
22895	Structural steelwork design to limit state theory	Steel and iron; Structural materials
22896	Prestressed concrete	Concrete; Structural materials
22897	Prestressed concrete	Concrete; Structural materials
22898	Prestressed concrete	Concrete; Structural materials
22899	Strength of materials	Strength of materials
22900	Strength of materials	Strength of materials
22901	Casting technology and cast alloys	Founding or Casting technology; Metal manufactures
22902	Casting technology and cast alloys	Founding or Casting technology; Metal manufactures

22903	Irrigation engineering	Irrigation
22904	Strength of materials	Strength of materials
22905	cloud computing service models (saas, paas and laas)	Cloud Computing
22906	Soil mechanics and foundation engineering	Soil Mechanics
22907	Soil mechanics and foundation engineering	Soil Mechanics
22908	Limit state design of reinforced concrete	Reinforced concrete; Structural Materials
22909	Groundwater hydrology	Groundwater; Water supply
22910	Groundwater hydrology	Groundwater; Water supply
22911	Strength of materials	Strength of materials
22912	Strength of materials	Strength of materials
22913	Strength of materials	Strength of materials
22914	Strength of materials	Strength of materials
22915	Strength of materials	Strength of materials
22916	Strength of materials	Strength of materials
22917	Building construction	Buildings
22918	Building construction	Buildings
22919	Building construction	Buildings
22920	engineering: Including expressways and airport engineering	Roads and highways engineering
22921	engineering: Including expressways and airport engineering	Roads and highways engineering
22922	Soil mechanics and foundation engineering	Soil Mechanics
22923	Soil mechanics and foundation engineering	Soil Mechanics
22924	Soil mechanics and foundation engineering	Soil Mechanics
22925	Soil mechanics and foundation engineering	Soil Mechanics
22926	Soil mechanics and foundation engineering	Soil Mechanics

22927	Kinematics and dynamics of machinery	Kinetic theory of gases; Mechanics of gases; Physics
22928	Kinematics and dynamics of machinery	Kinetic theory of gases; Mechanics of gases; Physics
22929	Kinematics and dynamics of machinery	Kinetic theory of gases; Mechanics of gases; Physics
22930	Handbook of gear design	Gears; Machine parts
22931	Fundamentals of engineering thermodynamics	Thermodynamics
22932	Fundamentals of engineering thermodynamics	Thermodynamics
22933	Fundamentals of engineering thermodynamics	Thermodynamics
22934	Industrial robotics: Technology, programming and applications	Robotic engineering
22935	Engineering mechanics: Statics & dynamics	Engineering mechanics; Engineering & allied operations
22936	Engineering mechanics: Statics & dynamics	Engineering mechanics; Engineering & allied operations
22937	Fundamentals of compressible flow with aircraft and rocket propulsion	Gas dynamics
22938	Fundamentals of compressible flow with aircraft and rocket propulsion	Gas dynamics
22939	Fundamentals of compressible flow with aircraft and rocket propulsion	Gas dynamics
22940	Fundamentals of compressible flow with aircraft and rocket propulsion	Gas dynamics
22941	Fundamentals of compressible flow with aircraft and rocket propulsion	Gas dynamics
22942	Control and automation of electrical power distribution systems	Network analysis; Electrical engineering; Applied physics
22943	Control and automation of electrical power distribution systems	Network analysis; Electrical engineering; Applied physics
22944	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
22945	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
22946	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
22947	Mechanics of materials	Strength of materials
22948	Kinematics and dynamics of machinery	Kinetic theory of gases; Mechanics of gases; Physics
22949	Kinematics and dynamics of machinery	Kinetic theory of gases; Mechanics of gases; Physics
22950	Theory of machines	Machine Engineering

22951	Theory of machines	Machine Engineering
22952	Operations research	Operations research
22953	Operations research	Operations research
22954	Operations research	Operations research
22955	Operations research	Operations research
22956	Engineering mechanics of solids	Applied solid mechanics
22957	Engineering mechanics of solids	Applied solid mechanics
22958	Hydraulics and fluid mechanics including hydraulic machines	Applied fluid mechanics
22959	Hydraulics and fluid mechanics including hydraulic machines	Applied fluid mechanics
22960	an appendix introducing 'ISO 9000 quality systems'	Manufactures; Industrial Engineering, Production Engineering
22961	an appendix introducing 'ISO 9000 quality systems'	Manufactures; Industrial Engineering, Production Engineering
22962	Engineering mechanics	Engineering mechanics; Engineering & allied operations
22963	Engineering mechanics	Engineering mechanics; Engineering & allied operations
22964	Automation, production systems and computer-integrated manufacturing	Mechanization and automation of factory operations
22965	Automation, production systems and computer-integrated manufacturing	Mechanization and automation of factory operations
22966	Automation, production systems and computer-integrated manufacturing	Mechanization and automation of factory operations
22967	Introduction to continuum mechanics	Engineering mechanics; Engineering & allied operations
22968	Basic refrigeration and air conditioning	Refrigeration engineering; Applied physics
22969	Incompressible flow	Hydraulic engineering
22970	Incompressible flow	Hydraulic engineering
22971	Computational fluid dynamics: A practical approach	Fluid Dynamics
22972	Metals databook	Metal manufactures
22973	Fluid mechanics and thermodynamics of turbomachinery	Applied fluid mechanics
22974	Fluid mechanics and thermodynamics of turbomachinery	Applied fluid mechanics

22975	Refrigeration and air conditioning	Refrigeration engineering; Applied physics
22976	Computational fluid dynamics: The basics with applications	Fluid Dynamics
22977	Computational fluid dynamics: The basics with applications	Fluid Dynamics
22978	Computational fluid dynamics: The basics with applications	Fluid Dynamics
22979	Fluid mechanics	Applied fluid mechanics
22980	Fluid mechanics	Applied fluid mechanics
22981	Applied statistics and probability for engineers	Statistical mathematics; Applied mathematics
22982	Fluid mechanics	Applied fluid mechanics
22983	Heat transfer: Thermal management of electronics	Heat transfer
22984	Introduction to machine design	Machine design
22985	Automobile engineering	Automobile Engineering
22986	Materials for engineers and technicians	Engineering materials
22987	Materials for engineers and technicians	Engineering materials
22988	Materials for engineers and technicians	Engineering materials
22989	Jigs and fixtures	Jigs and fixtures
22990	Mechanical vibrations	Mechanical vibrations
22991	Theory of machines and mechanisms	Machine Engineering
22992	Refrigeration and air conditioning	Refrigeration engineering; Applied physics
22993	Hydraulic modelling-an introduction: Principles, methods and applications	Hydraulic engineering
22994	Manufacturing technology: Materials, processes and equipment	Manufactures; Industrial Engineering, Production Engineering
22995	Machine design: An integrated approach	Machine design
22996	Automobile engineering	Automobile Engineering
22997	Gas turbines	Gas turbines and free-piston engines
22998	Gas turbines	Gas turbines and free-piston engines

22999	Machine drawing with auto cad	Machine design
23000	Thermal engineering	Heat engineering
23001	Textbook of metallurgical kinetics	Metallurgy
23002	Mechatronics	Mechanical instruments
23003	Tool design	Tools and fabricating equipments; Engineering
23004	Tool design	Tools and fabricating equipments; Engineering
23005	Course refrigeration and air conditioning	Refrigeration engineering; Applied physics
23006	Total quality management	Quality control
23007	Statistical quality control	Statistical mathematics; Applied mathematics
23008	Elements of gas turbine propulsion	Gas turbines and free-piston engines
23009	Fundamentals of cryogenic engineering	Cryogenic technology
23010	Fundamentals of cryogenic engineering	Cryogenic technology
23011	Refrigeration and air conditioning	Refrigeration engineering; Applied physics
23012	Materials selection in mechanical design	Engineering materials
23013	Mechanical vibrations	Mechanical vibrations
23014	Fundamentals of compressible fluid dynamics	Fluid Dynamics
23015	Fundamentals of compressible fluid dynamics	Fluid Dynamics
23016	Internal combustion engines	Internal-combustion engines; Heat engineering; Applied physics
23017	Fundamentals of compressible fluid dynamics	Fluid Dynamics
23018	Fundamentals of compressible fluid dynamics	Fluid Dynamics
23019	Automobile engineering	Automobile Engineering
23020	Automobile engineering	Automobile Engineering
23021	Industrial robotics: Technology, programming and applications	Robotic engineering
23022	Industrial robotics: Technology, programming and applications	Robotic engineering

23023	Industrial robotics: Technology, programming and applications	Robotic engineering
23024	Industrial robotics: Technology, programming and applications	Robotic engineering
23025	Industrial robotics: Technology, programming and applications	Robotic engineering
23026	Machine drawing with auto cad	Machine design
23027	Machine drawing with auto cad	Machine design
23028	Theory of machines and mechanisms	Machine Engineering
23029	Theory of machines and mechanisms	Machine Engineering
23030	Theory of machines and mechanisms	Machine Engineering
23031	Engineering mechanics	Engineering mechanics; Engineering & allied operations
23032	Kinematics and dynamics of machinery	Kinetic theory of gases; Mechanics of gases; Physics
23033	Kinematics and dynamics of machinery	Kinetic theory of gases; Mechanics of gases; Physics
23034	Tool design	Tools and fabricating equipments; Engineering
23035	Tool design	Tools and fabricating equipments; Engineering
23036	Internal combustion engines	Internal-combustion engines; Heat engineering; Applied physics
23037	Internal combustion engines	Internal-combustion engines; Heat engineering; Applied physics
23038	Theory of machines	Machine Engineering
23039	Handbook of gear design	Gears; Machine parts
23040	Statistical quality control	Statistical mathematics; Applied mathematics
23041	Statistical quality control	Statistical mathematics; Applied mathematics
23042	Materials selection in mechanical design	Engineering materials
23043	Materials selection in mechanical design	Engineering materials
23044	Mechatronics	Mechanical instruments
23045	Mechatronics	Mechanical instruments
23046	Hydraulics and fluid mechanics including hydraulic machines	Applied fluid mechanics

23047	Hydraulics and fluid mechanics including hydraulic machines	Applied fluid mechanics
23048	Hydraulics and fluid mechanics including hydraulic machines	Applied fluid mechanics
23049	Hydraulics and fluid mechanics including hydraulic machines	Applied fluid mechanics
23050	Heat transfer: Thermal management of electronics	Heat transfer
23051	Heat transfer: Thermal management of electronics	Heat transfer
23052	Automobile engineering	Automobile Engineering
23053	Automobile engineering	Automobile Engineering
23054	Total quality management	Quality control
23055	Total quality management	Quality control
23056	Total quality management	Quality control,planning,analysis
23057	Total quality management	Quality control
23058	Machine design: An integrated approach	Machine design
23059	Machine design: An integrated approach	Machine design
23060	Operations research	Operations research
23061	Operations research	Operations research
23062	Fundamentals of semiconductor devices	Semiconductor devices; Electronics engineering; Applied physics
23063	Fundamentals of semiconductor devices	Semiconductor devices; Electronics engineering; Applied physics
23064	Fundamentals of radar signal processing	Radar engineering; Electronics engineering; Applied physics
23065	Fundamentals of radar signal processing	Radar engineering; Electronics engineering; Applied physics
23066	Fundamentals of radar signal processing	Radar engineering; Electronics engineering; Applied physics
23067	Control system engineering	Automatic control engineering
23068	Control system engineering	Automatic control engineering
23069	Antennas and wave propagation	Antennas
23070	Digital communication: Theory, techniques and applications	Communication Engineering

23071	Antenna theory: analysis design	Antennas
23072	Fiber optic communication	Optical fiber communication
23073	Fiber optic communication	Optical fiber communication
23074	Introductory circuit analysis	Electric circuits
23075	Introductory circuit analysis	Electric circuits
23076	Introductory circuit analysis	Electric circuits
23077	Electronic devices and circuits	Components and devices
23078	Field theory	Electrical engineering; Electromagnetic engineering
23079	Field theory	Electrical engineering; Electromagnetic engineering
23080	Digital and analog communication systems	Communication Engineering
23081	Fiber optics communication systems	Optical fiber communication
23082	Fiber optics communication systems	Optical fiber communication
23083	Printed circuit boards: Design, fabrication, assembly and testing	Printed circuits
23084	Wireless sensor networks: An information processing approach	Cellular telephone systems
23085	Wireless sensor networks: An information processing approach	Cellular telephone systems
23086	Wireless sensor networks: An information processing approach	Cellular telephone systems
23087	Signals and systems	Signal processing
23088	Signals and systems	Signal processing
23089	Signals and systems	Signal processing
23090	Digital Image processing: Piks scientific inside	Technological photography and photo-optics
23091	Digital Image processing: Piks scientific inside	Technological photography and photo-optics
23092	Basic electronics and linear circuits	Components and circuits
23093	Basic electronics and linear circuits	Components and circuits
23094	Basic electronics and linear circuits	Components and circuits

23095	Wireless sensor networks: Principles and practice	Cellular telephone systems
23096	Wireless sensor networks: Principles and practice	Cellular telephone systems
23097	Wireless communications: Principles and practice	Cellular telephone systems
23098	Wireless communications: Principles and practice	Cellular telephone systems
23099	Wireless communications: Principles and practice	Cellular telephone systems
23100	video compression	engineering; Circuits; Electronics engineering; Applied physics
23101	Electronic circuits: Analysis & Design	Components and circuits
23102	Electronic circuits: Analysis & Design	Components and circuits
23103	Digital electronics and design with VHDL	Digital electronics
23104	Microwave engineering	Microwave electronics; Electronics engineering; Applied physics
23105	Microwave engineering	Microwave electronics; Electronics engineering; Applied physics
23106	Principles of electromagnetics	Magnetic engineering
23107	Advanced digital signal processing	Signal processing
23108	Satellite communications	Satellite relay communication
23109	Communication systems	Communication Engineering
23110	Communication systems	Communication Engineering
23111	Power electronics	fuses, grounding devices, lightning arresters, relays
23112	Network Analysis	Network analysis; Electrical engineering; Applied physics
23113	Network Analysis	Network analysis; Electrical engineering; Applied physics
23114	Network Analysis	Network analysis; Electrical engineering; Applied physics
23115	Data mining biomedical imaging, signaling and systems	File organization and access methods
23116	Basic electronics	Electronics engineering; Applied physics
23117	Basic electronics	Electronics engineering; Applied physics
23118	Basic electronics	Electronics engineering; Applied physics

23119	Instrumentation and control system	Automatic control engineering
23120	Instrumentation and control system	Automatic control engineering
23121	Digital electronics	Digital electronics
23122	Digital electronics	Digital electronics
23123	Satellite communications	Satellite relay communication
23124	Signal processing for intelligent sensor systems with MATLAB	Signal processing
23125	Modern digital and analog communication systems	Communication Engineering
23126	Modern digital and analog communication systems	Communication Engineering
23127	Problems and solutions in basic electronics	Electronics engineering; Applied physics
23128	Problems and solutions in basic electronics	Electronics engineering; Applied physics
23129	Principles of electromagnetics	Magnetic engineering
23130	Principles of electromagnetics	Magnetic engineering
23131	Principles of electromagnetics	Magnetic engineering
23132	Electromagnetics and antennas	Magnetic engineering
23133	Microwave & wireless communications technology	Microwave electronics; Electronics engineering; Applied physics
23134	Principles of communication systems	Communication Engineering
23135	Principles of communication systems	Communication Engineering
23136	Signals and systems	Signal processing
23137	Signals and systems	Signal processing
23138	Electromagnetic waves and transmission lines	Electrical engineering; Electromagnetic engineering
23139	Electromagnetic waves and transmission lines	Electrical engineering; Electromagnetic engineering
23140	Electromagnetic waves and transmission lines	Electrical engineering; Electromagnetic engineering
23141	Audio and video engineering systems: Principles, maintenance and troubleshooting	Electroacoustical communication engineering
23142	Audio and video engineering systems: Principles, maintenance and troubleshooting	Electroacoustical communication engineering

23143	Optical fiber communications	Optical fiber communication
23144	Optical fiber communications	Optical fiber communication
23145	Optical fiber communications	Optical fiber communication
23146	Digital electronics and microprocessors: Problems and solutions	Digital electronics
23147	Digital electronics and microprocessors: Problems and solutions	Digital electronics
23148	Digital electronics and microprocessors: Problems and solutions	Digital electronics
23149	Digital electronics and microprocessors: Problems and solutions	Digital electronics
23150	Instrumentation: Devices and systems	Electronics Instrumentation; Electronics engineering; Applied physics
23151	Instrumentation: Devices and systems	Electronics Instrumentation; Electronics engineering; Applied physics
23152	Instrumentation: Devices and systems	Electronics Instrumentation; Electronics engineering; Applied physics
23153	Circuits and networks: Analysis design and synthesis	Network; Circuits and lines
23154	Circuits and networks: Analysis design and synthesis	Network; Circuits and lines
23155	VLSI digital signal processing systems: Design and implementation	Logic circuits, logic design of circuits, very large scale integration (VLSI)
23156	Applied digital signal processing	Signal processing
23157	Applied digital signal processing	Signal processing
23158	Digital Image processing	Technological photography and photo-optics
23159	Analog and digital communications	Communication Engineering

23234	Antennas and wave propagation	Antennas
23235	Antennas and wave propagation	Antennas
23236	Antennas and wave propagation	Antennas
23237	Antennas and wave propagation	Antennas
23238	Field theory	Electrical engineering; Electromagnetic engineering

23239	Server+certification exam guide	Competitive exams study materials-Computer Science
23240	Compilers: Principles, techniques, and tools	Compilers
23241	Core Java, Vol.2: Advanced features	Programming languages-Java
23242	Software testing	Verification, testing, measurement, debugging; Software Engineering
23243	Software testing	Verification, testing, measurement, debugging; Software Engineering
23244	Neural network fundamentals with graphs, algorithms and applications	Neural networks
23245	Neural network fundamentals with graphs, algorithms and applications	Neural networks
23246	Neural network fundamentals with graphs, algorithms and applications	Neural networks
23247	Wireless and mobile computing	Cellular telephone systems
23248	Wireless and mobile computing	Cellular telephone systems
23249	Wireless and mobile computing	Cellular telephone systems
23250	Satellite communications	Satellite relay communication
23251	Satellite communications	Satellite relay communication
23252	Language webpage design	Web Programming for communications
23253	Textbook of nano computing	Nanotechnology
23254	Advanced research with SPSS	SPSS computer file,Sas Computer file
23255	Wireless networks	Cellular telephone systems
23256	Requirements engineering: Fundamentals, principles and techniques	Computer software development
23257	Designing and implementing ethernet networks	Local area network
23258	Modern cryptography: Theory and practice	Cryptography; Computer security; Computer science
23259	Modern cryptography: Theory and practice	Cryptography; Computer security; Computer science
23260	Advanced microprocessors and peripherals	Digital Microcomputers or Microprocessors; Computer science
23261	Advanced microprocessors and peripherals	Digital Microcomputers or Microprocessors; Computer science
23262	Java programming langage	Programming languages-Java

23263	Java programming langage	Programming languages-Java
23264	Cloud computing	Cloud Computing
23265	Cloud computing	Cloud Computing
23266	Cloud computing	Cloud Computing
23267	Real time computer control	Real time processing
23268	Real time computer control	Real time processing
23269	Real time computer control	Real time processing
23270	Information systems: Foundation of e-business	Management Information Systems; Executive management
23271	Information systems: Foundation of e-business	Management Information Systems; Executive management
23272	Pic microcontroller and embedded systems using Assembly and C for pic18	Digital Microcomputers or Microprocessors; Computer science
23273	Compiler design	Compilers
23274	Unix network programming	Operating system-Unix
23275	Introduction to embedded systems	Computer architecture
23276	Lex & yacc: Unix programming tools	Operating system-Unix
23277	Lex & yacc: Unix programming tools	Operating system-Unix
23278	Fundamentals of computer algorithms	Computer algorithms
23279	Fundamentals of computer algorithms	Computer algorithms
23280	Java server faces	Programming languages-Java
23281	SQL, PL/SQL hand book	Specific types of data files and databases-SQL
23282	SQL, PL/SQL hand book	Specific types of data files and databases-SQL
23283	Data structures	Data structures
23284	Data structures	Data structures
23285	Fundamentals of computer security	computer security
23286	High speed digital design: A handbook of black magic	Logic circuits, logic design of circuits, very large scale integration (VLSI)

23287	management, metrics, frameworks and best practices	Data security
23288	management, metrics, frameworks and best practices	Data security
23289	Basic electronics & fundamentals of IT	Electronics engineering; Applied physics
23290	Basic electronics & fundamentals of IT	Electronics engineering; Applied physics
23291	Basic electronics & fundamentals of IT	Electronics engineering; Applied physics
23292	Basic electronics & fundamentals of IT	Electronics engineering; Applied physics
23293	Building and managing a cloud using oracleenterprise manager 12c	Cloud Computing
23294	Parallel computing: theory and practice	Multiprocessing
23295	Android: A programmers guide	Android(Electronic resources) Application Software
23296	Interviewing: Principles and practices	Interviewing
23297	Cisco beginner's guide	Interfacing and communications,Communication networks
23298	Android: Hacker's handbook	Android(Electronic resources) Application Software
23299	Objective-C	Object oriented programming-c
23300	Artificial intelligence: A new synthesis	Artificial Intelligence,Soft computing
23301	Java script programming: Pushing the limits	Programming languages-Java
23302	Cloud computing: A practical approach	Cloud Computing
23303	Malware, rootkits & botnets: A beginner's guide	Data security,Malware Computer software,Computer security
23304	Advanced tuning for jd adwards enterprise one implementations	JD Edwards enterprise one(computer program)
23305	Microprocessor and microcontrollers	Digital Microcomputers or Microprocessors; Computer science
23306	Microprocessor and microcontrollers	Digital Microcomputers or Microprocessors; Computer science
23307	Sam's teach yourself ABAP/4 in 24 hours	Programming for specific types of computers, for communications-HTML
23308	Essential matlab for engineers and scientists	Computerized Numerical analysis
23309	Big java: Compatible with java 5 & 6	Programming languages-Java
23310	J2EE: Professional projects	Programming languages-J2EE

23311	Data mining: Concepts and techniques	File organization and access methods
23312	Essential C# 5.0	Programming languages-C#
23313	Grid computing: Making the global infrastructure a reality	Computational grids,computer security
23314	Quantum computation and quantum information	Special type of computers, Quantum computers
23315	Quantum computation and quantum information	Special type of computers, Quantum computers
23316	Google bigquery analytics	Computer science
23317	Laser machining of advanced materials	Machining metals
23318	Principles of computer-integrated manufacturing	Mechanization and automation of factory operations
23319	Effective MySQL: Replication techniques in depth	Specific types of data files and databases-MySQL
23320	Patterns for parallel software design	Software systems analysis and design
23321	Digital modulation and coding	Signal Processing, Digital techniques,Statistical Methods
23322	PHP and MySql for dynamic web sites	Programming for specific types of computers, for communications-PHP
23323	Cloud computing bible	Cloud Computing
23324	Pointers on C	Programming languages-C
23325	processing, digital image processing, digital signal processor and digital communication	Computerized Numerical analysis
23326	Tableau your data: Fast and easy visual analysis with tableau software	Application software development,I phone,Smart phone programming
23327	Data mining: Principle & applications	File organization and access methods
23328	Mobile computing	Interfacing and communications,Communication networks
23329	Mobile computing	Interfacing and communications,Communication networks
23330	Principles of data integration	Data in computer system,Data integration
23331	Java web services architecture	Programming languages-Java
23332	Cambridge IELTS 7	Competitive exams study materials; Study and teaching
23333	Oracle business process management suite 11g handbook	Process management programs
23334	8085 microprocessor and its application	Digital Microcomputers or Microprocessors; Computer science

23335	8085 microprocessor and its application	Digital Microcomputers or Microprocessors; Computer science
23336	Oracle database 11g: A beginner's guide	Specific relational database management systems-Oracle
23337	Virtual instrumentation using labview	Electronics Instrumentation; Electronics engineering; Applied physics
23338	Cloud computing: A practical approach for learning and implimentation	Cloud Computing
23339	Sam's teach yourself HTML and CSS in 24 hours	Programming for specific types of computers, for communications-HTML
23340	Beginning with c11 & matlab	Computerized Numerical analysis
23341	Ad hoc and sensor networks: Theory and applications	Communications Networking,Senser networks
23342	Remote sensing and image interpretation	Remote sensing technology
23343	Finite element method and computational structural dynamics	Engineering design
23344	Information theory and coding	Information Theory communications,Communication networks,USB
23345	USB complete: The developer's guide	
23346	Serial port complete: Com ports, usb virtual com ports and ports for embedded systems	Interfacing and communications protocols,Network protocols,Port
23347	Introduction to XML and web technologies	XML,Document markup language
23348	Principles of artificial intelligence	Artificial Intelligence,Soft computing
23349	PHP: beginner's guide	Programming for specific types of computers, for communications-PHP
23350	X code 5 developer reference	Application software development,I phone,Smart phone programming
23351	Harness oil and gas big data with analytics	Petroleum Industry and tradestatistics gas industry
23352	Database cloud storage: The essential guide to oracle automatic storage management	Wide-area networks
23353	Java websocket programming	Programming languages-Java
23354	3G networks: Architecture, protocols and procedures	Computer communication networks
23355	Object oriented programming with C++	Programming languages-C++
23356	Mastering matlab 7	Computerized Numerical analysis
23357	Programming with Java	Programming languages-Java
23358	Oracle database 11g: The complete reference	Specific relational database management systems-Oracle

23359	Data and text mining: A business applications approach	File organization and access methods
23360	Android	Android(Electronic resources) Application Software
23361	Data mining for business intelligence	File organization and access methods
23362	80286, 80386, and 80486 pentium, pentiumpro processor, pentium II, III, IV and	Digital Microcomputers or Microprocessors; Computer science
23363	80286, 80386, and 80486 pentium, pentiumpro processor, pentium II, III, IV and	Digital Microcomputers or Microprocessors; Computer science
23364	Sam's teach yourself ABAP/4 in 24 hours	Programming for specific types of computers, for communications-HTML
23365	Microprocessor and microcontrollers	Digital Microcomputers or Microprocessors; Computer science
23366	Microprocessor and microcontrollers	Digital Microcomputers or Microprocessors; Computer science
23367	Pic microcontroller and embedded systems using Assembly and C for pic18	Digital Microcomputers or Microprocessors; Computer science
23368	Pic microcontroller and embedded systems using Assembly and C for pic18	Digital Microcomputers or Microprocessors; Computer science
23369	processing, digital image processing, digital signal processor and digital communication	Computerized Numerical analysis
23370	processing, digital image processing, digital signal processor and digital communication	Computerized Numerical analysis
23371	Compilers: Principles, techniques, and tools	Compilers
23372	Compilers: Principles, techniques, and tools	Compilers
23373	Core Java, Vol.2: Advanced features	Programming languages-Java
23374	Satellite communications	Satellite relay communication
23375	Satellite communications	Satellite relay communication
23376	Wireless networks	Cellular telephone systems
23377	Wireless networks	Cellular telephone systems
23378	Remote sensing and image interpretation	Remote sensing technology
23379	Remote sensing and image interpretation	Remote sensing technology
23380	Compiler design	Compilers
23381	Solid state electronic devices	Components and devices
23382	Fundamentals of computer algorithms	Computer algorithms

23383	Fundamentals of computer algorithms	Computer algorithms
23384	Data and text mining: A business applications approach	File organization and access methods
23385	Data and text mining: A business applications approach	File organization and access methods
23386	Mastering matlab 7	Computerized Numerical analysis
23387	Mastering matlab 7	Computerized Numerical analysis
23388	Artificial intelligence: A new synthesis	Artificial Intelligence,Soft computing
23389	Artificial intelligence: A new synthesis	Artificial Intelligence,Soft computing
23390	Modern cryptography: Theory and practice	Cryptography; Computer security; Computer science
23391	Modern cryptography: Theory and practice	Cryptography; Computer security; Computer science
23392	Laser machining of advanced materials	Machining metals
23393	Principles of artificial intelligence	Artificial Intelligence,Soft computing
23394	Principles of artificial intelligence	Artificial Intelligence,Soft computing
23395	PHP: beginner's guide	Programming for specific types of computers, for communications-PHP
23396	PHP: beginner's guide	Programming for specific types of computers, for communications-PHP
23397	Data structures	Data structures
23398	Data structures	Data structures
23399	Data structures	Data structures
23400	Data structures	Data structures
23401	Data structures	Data structures
23402	Data mining: Concepts and techniques	File organization and access methods
23403	Data mining: Concepts and techniques	File organization and access methods
23404	Essential matlab for engineers and scientists	Computerized Numerical analysis
23405	Java web services architecture	Programming languages-Java
23406	Java websocket programming	Programming languages-Java

23407	Virtual instrumentation using labview	Electronics Instrumentation; Electronics engineering; Applied physics
23408	Virtual instrumentation using labview	Electronics Instrumentation; Electronics engineering; Applied physics
23409	Information theory and coding	Information Theory
23410	Patterns for parallel software design	Software systems analysis and design
23411	Patterns for parallel software design	Software systems analysis and design
23412	Objective-C	Object oriented programming-c
23413	Textbook of engineering mathematics	Engineering mathematics
23414	Textbook of engineering mathematics	Engineering mathematics
23415	Numerical methods	Applied numerical analysis; Applied mathematics
23416	Numerical methods	Applied numerical analysis; Applied mathematics
23417	Numerical methods	Applied numerical analysis; Applied mathematics
23418	Numerical methods in engineering and science with programs in C & C++	Applied numerical analysis; Applied mathematics
23419	Numerical methods in engineering and science with programs in C & C++	Applied numerical analysis; Applied mathematics
23420	Advanced engineering mathematics	Engineering mathematics
23421	Advanced engineering mathematics	Engineering mathematics
23422	for the engineering, physical and mathematical sciences	Engineering mathematics
23423	for the engineering, physical and mathematical sciences	Engineering mathematics
23424	for the engineering, physical and mathematical sciences	Engineering mathematics
23425	with laplace transforms, fourier series and applications	Differential equations; Analysis; Mathematics
23426	with laplace transforms, fourier series and applications	Differential equations; Analysis; Mathematics
23427	with laplace transforms, fourier series and applications	Differential equations; Analysis; Mathematics
23428	Advanced engineering mathematics	Engineering mathematics
23429	Engineering Mathematics- vol 1	Engineering mathematics
23430	Engineering Mathematics- vol 1	Engineering mathematics

23431	Engineering Mathematics- vol 2	Engineering mathematics
23432	Engineering Mathematics- vol 2	Engineering mathematics
23433	Higher engineering mathematics	Engineering mathematics
23434	Higher engineering mathematics	Engineering mathematics
23435	Fundamentals of ethics for scientists and engineers	Professional & occupational ethics
23436	Fundamentals of ethics for scientists and engineers	Professional & occupational ethics
23437	Environmental studies from crisis to cure	Sanitary and municipal engineering, Environmental protection engineering
23438	Environmental studies from crisis to cure	Sanitary and municipal engineering, Environmental protection engineering
23439	Environmental studies from crisis to cure	Sanitary and municipal engineering, Environmental protection engineering
23440	Environmental studies from crisis to cure	Sanitary and municipal engineering, Environmental protection engineering
23441	Environmental studies and technical communication	Sanitary and municipal engineering, Environmental protection engineering
23442	Environmental studies and technical communication	Sanitary and municipal engineering, Environmental protection engineering
23443	Environmental studies	Sanitary and municipal engineering, Environmental protection engineering
23444	Environmental studies	Sanitary and municipal engineering, Environmental protection engineering
23445	Optical communication	Optical communication
23446	Optical communication	Optical communication
23447	Optical communication	Optical communication
23448	Fundamentals of optics	Applied optics; Light & paraphotic phenomena; Physics
23449	Fundamentals of optics	Applied optics; Light & paraphotic phenomena; Physics
23450	Technical writing: Principles, strategies and readings	Rhetoric & collections
23451	Communication skills for engineers and scientists	Written & spoken English; Communicative English
23452	Humanities and communication skills	Humanities; General Knowledge
23453	Quantitative aptitude for competitive examinations	Competitive exams study materials; Study and teaching
23454	PSC rank file	Competitive exams study materials; Study and teaching

23455	Introduction to solid state physics	Solid state physics; Properties of matter
23456	Introduction to solid state physics	Solid state physics; Properties of matter
23457	Introduction to solid state physics	Solid state physics; Properties of matter
23458	Semiconductor physics and devices	Semiconductors, physics
23459	General studies 2015, paper 1 for civilservices preliminary examination	Competitive exams study materials; Study and teaching
23460	Probability theory and random processes	Probabilities; Applied mathematics
23461	Marketing management text and cases	Marketing management
23462	Practical english grammar	English structural system
23463	Official cambridge guide to IELTS for academic & general training	Competitive exams study materials; Study and teaching
23464	Advanced engineering mathematics with modeling applications	Engineering mathematics
23465	Diary of a wimpy kid: The long haul	Biography-English literature
23466	Anne frank: The diary of a young girl	Biography-German literature
23467	Demosthenes selected speeches	Speeches collections; Literature
23468	Literary agenda reading and the reader	Literary aesthetics; Philosophy & theory of literature
23469	Basic english usage	English languages
23470	Naalukettu	Fiction collections; Literature
23471	Revolution 2020: Love, corruption, ambition	Fiction collections; Literature
23472	Five point someone what not to do at IIT	Fiction collections; Literature
23473	Five point someone what not to do at IIT	Fiction collections; Literature
23474	Numerical methods	Applied numerical analysis; Applied mathematics
23475	Numerical methods	Applied numerical analysis; Applied mathematics
23476	Concepts and applications of finite element analysis	Engineering design
23477	Concepts and applications of finite element analysis	Engineering design
23478	Stochastic processes	Random (Stochastic) processes

23479	Stochastic processes	Random (Stochastic) processes
23480	Linear algebra	Linear, multilinear, multidimensional, vector algebras; Mathematics
23481	Linear algebra	Linear, multilinear, multidimensional, vector algebras; Mathematics
23482	Corporate coaching: The essential guide	Executive management,Coaching
23483	Scientific research methodology	Research methodology science,philosophy knowledge
23484	Concise english grammar	English structural system
23485	Human resource management	Human Resource Management
23486	Concepts of finite element method	Engineering design
23487	Quantitative analysis	Quantitative chemistry,Inorganic Chemistry
23488	General studies 2015, paper 2 for civilservices preliminary examination	Competitive exams study materials; Study and teaching
23489	Probability, statistics and random processes	Probabilities; Applied mathematics
23490	Probability, statistics and random processes	Probabilities; Applied mathematics
23491	Probability, statistics and random processes	Probabilities; Applied mathematics
23492	Introduction to finite elements in engineering	Engineering design
23493	Notes on basic civil engineering	Civil engineering
23494	Theory of machines	Machine Engineering
23495	Theory of machines	Machine Engineering
23496	Theory of machines	Machine Engineering

23632	Power system protection static relays with microprocessor applications	fuses, grounding devices, lightning arresters, relays
23633	Power system protection static relays with microprocessor applications	fuses, grounding devices, lightning arresters, relays
23634	Power system protection static relays with microprocessor applications	fuses, grounding devices, lightning arresters, relays
23635	Power system protection static relays with microprocessor applications	fuses, grounding devices, lightning arresters, relays
23636	Power system protection static relays with microprocessor applications	fuses, grounding devices, lightning arresters, relays
23637	Theory of machines	Machine Engineering
23638	Digital circuits and design	Logic circuits, logic design of circuits, very large scale integration (VLSI)
23639	Digital circuits and design	Logic circuits, logic design of circuits, very large scale integration (VLSI)
23640	Digital circuits and design	Logic circuits, logic design of circuits, very large scale integration (VLSI)
23641	Android: Hacker's handbook	Android(Electronic resources) Application Software
23642	Android: Hacker's handbook	Android(Electronic resources) Application Software
23643	Google bigquery analytics	Computer science
23644	Google bigquery analytics	Computer science
23645	Grid computing: Making the global infrastructure a reality	Computational grids,computer security
23646	Grid computing: Making the global infrastructure a reality	Computational grids,computer security

23647	Objective-C	Object oriented programming-c
23648	Objective-C	Object oriented programming-c
23649	Bioinstrumentation	Biomedical instrumentation
23650	Bioinstrumentation	Biomedical instrumentation
23651	Bioinstrumentation	Biomedical instrumentation
23652	Bioinstrumentation	Biomedical instrumentation
23653	Bioinstrumentation	Biomedical instrumentation
23654	Bioinstrumentation	Biomedical instrumentation
23655	Fiber optic communication systems	Optical fiber communication
23656	Fiber optic communication systems	Optical fiber communication
23657	management, metrics, frameworks and best practices	Data security
23658	management, metrics, frameworks and best practices	Data security
23659	Simplified text in electrical machine design	Electrical machinery
23660	Simplified text in electrical machine design	Electrical machinery
23661	Simplified text in electrical machine design	Electrical machinery
23662	Basic electrical and electronics engineering	Electrical engineering; Applied physics
23663	Basic electrical and electronics engineering	Electrical engineering; Applied physics
23664	Basic electrical and electronics engineering	Electrical engineering; Applied physics
23665	Basic electrical and electronics engineering	Electrical engineering; Applied physics
23666	Basic electrical and electronics engineering	Electrical engineering; Applied physics
23667	Basic electrical and electronics engineering	Electrical engineering; Applied physics
23668	Basic electrical and electronics engineering	Electrical engineering; Applied physics
23669	Basic electrical and electronics engineering	Electrical engineering; Applied physics
23670	Basic electrical and electronics engineering	Electrical engineering; Applied physics

23671	Basic electrical and electronics engineering	Electrical engineering; Applied physics
23672	Vrukkakale samrakshikkuka	Malayalam miscellaneous writings
23673	Vrukkakale samrakshikkuka	Malayalam miscellaneous writings
23674	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23675	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23676	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23677	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23678	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23679	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23680	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23681	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23682	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23683	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23684	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23685	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23686	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23687	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23688	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23689	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23690	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23691	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23692	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23693	Textbook of refrigeration and air conditioning	Refrigeration engineering; Applied physics
23694	Electromagnetic field theory fundamentals	Magnetic engineering

23695	Electromagnetic field theory fundamentals	Magnetic engineering
23696	Electromagnetic field theory fundamentals	Magnetic engineering
23697	Energy engineering and management	Energy engineering
23698	Energy engineering and management	Energy engineering
23699	Energy engineering and management	Energy engineering
23700	Energy engineering and management	Energy engineering
23701	Finite element method and computational structural dynamics	Engineering design
23702	Finite element method and computational structural dynamics	Engineering design
23703	Data mining: Principle & applications	File organization and access methods
23704	Data mining: Principle & applications	File organization and access methods
